JUDGMENT

Petitioner is an M.Tech student in Cochin University of Science & Technology. He has filed these writ petitions on some misunderstanding or misconception as regards the attitude of some of the teachers of CUSAT as against the petitioner. Having read the entire pleadings and having heard learned counsel for parties, I am of the firm view that the contentions of the petitioner are quite misplaced and may be as a result of certain misunderstandings between the individuals involved. I am sure that the allegations made in these writ petitions would not affect the process of assessing the project and performance of the petitioner. I do not propose to state the controversies between the parties in this judgment since, following the deliberations at the previous date of hearing, learned counsel for CUSAT submits that the petitioner's project could be revalued within a period of one month from now, provided he

appears on the date fixed and communicated by the University. Reassessment will be in terms of relevant regulations and laws. I am sure that the teachers of CUSAT will ensure that the petitioner's apprehensions are just not there.

These writ petitions are disposed of as above.
